

ISP 2023-24 Immersion Program Info

ISP IMMERSION

Students participating in ISP Immersion will be placed on a peer-led team of 3-5 students. The team will train throughout the spring semester, then spend 8 weeks of their summer fully immersed in ministry to the unreached in strategic parts of the world.

QUALIFICATIONS

The ideal ISP applicant will be a follower of Christ who is established in their faith and desires to grow as a disciple-maker. Applicants will have a desire to learn and adapt to a cross-cultural ministry environment. Students must be currently enrolled at CBU*, not on disciplinary probation, and in good physical and mental health. All applicants must submit to a background check and a final clearance process through the International Mission Board.

Immersion applicants will exhibit spiritual maturity, teamwork, and compassion for the lost. Previous Cross-Cultural experience is helpful but not mandatory.

TRAINING OVERVIEW

A major part of ISP is the equipping participants receive before going overseas. These projects are not to be seen as seasonal activities, but rather as opportunities to apply the disciple-making skills they are learning and using here in cross-cultural contexts overseas. We will prepare team members for this throughout the spring semester with a specialized training program. Participants will enter the summer with the knowledge, skills and vision necessary to engage the unreached with the Gospel.

Participants must be available to attend the mandatory trainings as shown below. *Note: Intercollegiate Athletes and students who receive performance-based scholarships might need to “occasionally” miss a training due to a performance or competition.* This should be discussed during the interview process.
